SCHANTZ COMPANY NOW ASKS GAS FRANCHISE IN DAYTONA

PROPOSED ORDINANCE READ AT MEETING OF THE COUNCIL

COMPANY MUST FORFEIT \$1,000 IF THE PLANT IS NOT IN WORKING ORDER BY OCTOBER 1, 1913.

That the Schantz Electric, Inc. & Water company, business in making for a gas franchise in the city of Daytona and that work will be started on the main gas plant in the city of Daytona, as shown by the terms of the proposed ordinance granting the franchise, introduced at the special meeting of the city council last night.

According to the proposed ordinance the company must begin work on the system by or before the first day of next October and must have the plant constructed and in operation by or before the first day of October next year. In case of failure to have the plant constructed and in operation by October next year the company must pay to the city the sum of \$1,000 and surrender the franchise as granted by the ordinance.

The wording of the ordinance has been considered by the ordinance committee of the council and the ordinance, which is presented within a short time if the ordinance is granted and ratified by vote of the people next month.

The citizens of Daytona need and want a gas plant which will supply gas for illuminating and heating purposes and it is believed there will be no objection to the granting of the franchise to the Schantz company because it is shown the company is willing to accept the provision that \$1,000 shall be forfeited if the plant is not in working order in a reasonable length of time. The proposed ordinance was given its first and second readings at the special meeting last night and will come up for passage at the regular meeting of the council next Monday evening.

Sum of the features of the franchise granted in the proposed ordinance introduced last night are as follows:

The company is granted the right to dig up and operate streets, alleys and avenues of the city for the purpose of laying mains, but must restore all streets to the same condition as before opened within a reasonable length of time.

The gas furnished must be of standard quality and not less than twenty, twenty-five and 600 British thermal units.

The company may charge such rates as may seem expedient, but no event shall the price of gas be greater than \$2 per thousand cubic feet and shall allow a discount on bills paid within ten days after rendered.

The city has the right at any time after five years after the granting of the franchise to bring suit in court of equity to examine into the earnings of the company and if the earnings of the company shall seem unreasonable to the court it will have the right to fix a lower charge for the gas furnished. Meters are to be installed by the company free of charge for all consumers using gas to the value of more than 50 cents per month. In case the bill does not amount to 50 cents per month the company has the right to charge this amount.

The company must furnish to the city council at any time, upon written request, any information concerning the location and condition of pipes, mains and meters in the streets.

The company has the right to make such extensions of pipes and mains within the city as may from time to time seem necessary.

All pipes, mains and other appliances laid in the streets must be laid by the company under the direction of the city council. In case the city ever installs a sewer system the company shall move the gas pipes to make room for sewer pipes. The city shall move the gas pipes at the cost of the removal to be paid by the company and one-half by the city.

The franchise is exclusive, so far as within the power of the city to make it so, for a period of 30 years, and at the end of that time the city shall have an option to purchase the plant at a price to be fixed by arbitration, as provided by the laws of the state.

The company must file with the

ROOSEVELT TAKES RAP AT COURTS SAYS PEOPLE SHOULD VOTE ON IMPORTANT DECISIONS

DECLARES HIS STAND IS NOT RADICAL BUT HIGHEST AND WIDEST KIND OF REAL CON- SERVATISM.

NEW YORK, Jan. 5.—Sounding a warning against the mastery of the United States by the courts, Col. Theodore Roosevelt, in an editorial entitled "Judges and Progress," in the current number of the Outlook, advocates all momentous decisions of the various supreme courts affecting great bodies of people, shall not be final until affirmed or overruled by vote of the people in the state affected.

Mr. Roosevelt defends his former criticisms of court decisions and declares his stand is not radical, but sounds the "highest and widest kind of conservatism."

The editorial hits at every vulnerable point of the judiciary and its functions and makes it plain that the supreme court decisions in the Standard Oil and Tobacco cases form the foundation for his criticism.

FIGHTING BOB EVANS LAI TO REST TODAY.

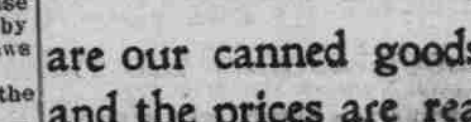

WASHINGTON, Jan. 5.—The funeral of "Fighting Bob" Evans was held this afternoon in All Souls church. The sermon was preached by the pastor, Rev. W. C. Pierce, who paid a warm tribute to the heroism of the dead fighter and spoke of his valorous services to his country. Interment was in the Arlington cemetery. President Taft, Secretary Myer and many naval and army officers were present at the service.

STRIKES IN MEXICO CALL OUT THE TROOPS.

MEXICO CITY, Jan. 5.—A total of 2,500 cotton workers in the San Antonio Abad mills struck and 2,500 miners at the Santa Gertrudis also walked today. Troops have been ordered out to quell the disorders.

SWASTIKA PARTY SAW BIG WHALE AT INLET.

W. E. Blodgett and a party consisting of Geo. M. P. Holt, L. E. Baldwin, R. G. Johnson, W. H. Held, and Arthur Blodgett, while at the inlet Thursday morning on board the Swastika, viewed for some time the antics of a big whale which was cutting capers of some kind directly off the inlet, a mile or more at sea. That the whale was a big one all the party agree. It several times was poised with its head downward and its tail projected into the air and this appendage was said to be fully ten feet in breadth. The water was too rough for Mr. Blodgett to venture outside with the Swastika, but the boat was put across the inlet several times in order to give the party an opportunity to watch the gambols of the big leviathan, which seemed to be without companions of its kind.

ANOTHER ATTEMPT AT ROBBERY MUGGLARS TRY TO FORCE WAY INTO THE NEEDLECRAFT SHOP

EVIDENTLY FRIGHTENED AWAY BY NIGHT WATCHMAN BEFORE BEING ABLE TO FORCE AN EN- TRANCE.

Another attempted robbery occurred some time during the night Wednesday or early Thursday morning. This time the robbers took for their mark the Needlecraft Shop, corner Beach street and Ivy Lane. Part of the weatherboarding was nearly ripped off the door on the Ivy Lane side when the intruders were frightened away, probably by the night policeman crossing Ivy Lane while watching his beat on Beach street. People sleeping over the store thought they heard a noise during the night but thought nothing of it because of the fact that there is often more or less noise on that corner.

LONGSHOREMEN OUT ON STRIKE BOSTON BOAT LINES TIED UP

WHEN INCREASE OF 30 TO 40 CENTS PER HOUR IS REFUSED 1,000 REFUSE TO CONTINUE WITH JOBS.

BOSTON, Jan. 5.—When an increase of wages from 30 cents to 40 cents an hour for day work and 50 cents an hour for night work was refused, 1,000 longshoremen struck this morning. It is expected 2,000 more will join the strikers before night.

The principal lines affected are the White Star, Hamburg-American, Allen Leyland, South American and Standard Sugar Refining company.

IMPROVEMENTS AT THE F. E. C. RAILWAY DEPOT.

The carpenters completed their work on the addition to the F. E. C. railway passenger depot Thursday, and it is now ready for the painters. There is nothing ornate about the addition, but it is in keeping with the balance of the building and furnishes needed room for patrons of the road who are obliged to wait for belated trains. Another improvement at the depot is the extension of the platform southward to and beyond Magnolia avenue. At several other places along the line, this platform is constructed of Miami marble, instead of wood as are the old platforms. This material hardens into a solid mass and forms a permanent platform, needing but little repair work. The extension of the shed southward would be a great convenience, but this was evidently not on the present program. One more improvement, however, should be made by the railway company and that is the installation of electric light, in place of the oil lamps now in use.

MEMBERS OF PALMETTO CLUB ENJOY TALK ON WATERWAYS

GEORGE H. MUNROE GIVES IN- TERESTING TALK AT MEETING OF THE CLUB HELD THURS- DAY AFTERNOON.

The regular meeting of the Palmetto club was held at the club house on Orange avenue Thursday afternoon. The hostesses for the day, which was "Waterways Day," were the Mesdames A. B. Foster and A. Hilliard. Mrs. Wm. Roxby was in charge of the music for the afternoon.

The subject for the day, waterways, was spoken of by George H. Munroe, his topic being, "The Lakes to the Gulf." He spoke of the Missouri as being our greatest stream and said that taken as a whole our rivers were not deep enough or far enough developed, and that in this respect Canada was far ahead of the United States. In the Dominican waterways are given a great deal of attention and many cities own and operate public docking and landing piers. The city of Boston is now following this example and erecting a public dock. Mr. Munroe spoke of the canal that is proposed across the state of Florida to connect the Atlantic with the Gulf and in this connection paid a splendid tribute to ex-Governor Broward, saying that in his death the state and waterways in general lost a mighty good friend and booster.

Mr. Munroe has just recently returned from the waterways convention that was held in Washington, of which association he is secretary. He spoke of what good had been accomplished by the organization and of the annual meetings that have been held since it originated.

Following Mr. Munroe's talk, four boys and four girls from the sixth grade of the school, under the direction of their teacher, Miss Salter, sang the geography song, the same that they sang at the Thanksgiving exercises of the school. They were accompanied by Miss Margaret Morgan.

The president, Mrs. Graham Thompson, explained the endowment fund for the general federation before the close of the meeting.

CLARENDON WILL OPEN TOMORROW

BEGINNING OF SECOND SEASON FOR THE FINE RESORT HOTEL.

HOUSE NOW READY TO ACCOM- MODATE FULL NUMBER OF GUESTS AND ADVANCE BOOK- INGS HAVE BEEN LARGE.

The Hotel Clarendon will be thrown open to the public tomorrow for its second season, and advance bookings indicate the Clarendon will enjoy a prosperous season this year.

Being an entirely new house few changes in the hotel have been found necessary this year, but the building has been thoroughly cleaned and a considerable finishing work has been done to complete all details, some of which had not been completed when the big hotel was opened last January.

The house is now in first class condition to accommodate the capacity number of guests and will open tomorrow with a number of guests on hand for the beginning of the season. Manager W. S. Kenney will have practically the same force of help in the hotel this season as he had last year and the house bids fair to make an even greater reputation as the finest resort hotel in the south this year.

The advance bookings for the house have been very large and Manager Kenney has arranged for a number of special attractions for the guests during the winter months. The opening of the Clarendon tomorrow will complete the list of hotels in Daytona and vicinity and the season may now be considered on in earnest.

"Lock Your Barn BEFORE the Horse Is Stolen"

IN OTHER WORDS:

Take Out a Burglar Policy Before Your House Is Broken Into.

Our policies cover against any kind of theft from your premises or barns, and our company will not only pay you for the loss that you have sustained but will put their men on the trail of the thieves, and endeavor to recover the stolen articles.

You would be surprised to know how low the rates are. For instance, \$12.50 for \$1,000, insurance for one year, permitting you to leave your house vacant for six consecutive months in that length of time. Larger amounts at smaller rates in proportion.

Only one house out of the many upon which we carry policies has ever been entered by burglars.

Green cottage on Magnolia avenue, have received a letter from her saying that near Corona, Cal., which is in the heart of the citrus belt, weather cold enough to freeze the oranges and badly damage even lemons has been suffered already this winter. Miss Heslet is now at Nashville, Ill.

Tucker, who has been leading the orchestra at the well known Murray Hill hotel in New York, the past fall, has secured the services of the cellist and pianist of that orchestra for his regular season engagement at the Despland hotel of this city and the music at this popular hostelry will exceed that of any previous winter. The Sunday concert particularly will be made a feature, special high class music being provided on these occasions.

SEABREEZE, Jan. 5.—The Hotel Clarendon opens tomorrow, and the event is anticipated with special interest by residents and winter sojourners in Seabreeze. Manager W. S. Kenney, President Foster, who arrived this week from New York with his wife and little daughter, down the line to the lawn rakers are busy with the various details of putting the big fireproof hotel into perfectly adjusted grooves of sanitary and domestic good order. Nor is sanitation alone considered. In point of ornamentation and beauty the hotel interior and surroundings have gained much by the summer work. Among other numerous improvements the removal of a number of the Clarendon cottages to adjoining streets has given space for a magnificent lawn and added to the naturally magnificent setting of the Hotel Clarendon on the world's famous beach with the wide stretch of the blue sea beyond.

Mr. and Mrs. L. W. Lott and little son of New Jersey, who spent last season at the Burgman home, will be in Seabreeze again this winter, and will be with Mr. and Mrs. Burgman again. Dr. and Mrs. A. T. Bigelow entertained at a New Year's dinner Monday at their hospitable home on North Halifax avenue.

Mrs. Carter and little daughter, of Attleboro, Mass., are expected to arrive Sunday to spend the season here. Mrs. Carter has made room reservation at the Burgman home.

Burglar Dies From Fright
A man named Albert Blam suddenly fell down dead yesterday on being surprised while committing a burglary.
The conclave of a house in Vienna when returning to her dwelling found a young man engaged in searching a cupboard with his back toward the door. She shrieked: "What are you doing there?" whereupon the man threw up his hands and fell backward on the floor. A post mortem established the fact that death was due to heart failure from fright.—Vienna correspondence London Standard.
